**Susan Hilfer**

You've provided a thoughtful voice for protecting the air, land, and water of South Carolina. Your support of clean energy solutions, advancing energy efficiency, protecting our wildlife, and opposition to offshore drilling have been critical in the SC House. Your leadership in addressing excessive accumulation of waste tires has also raised the profile of potential future environmental disasters and we look forward to the day that this bill become law.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. When the General Assembly convenes for the January 2021 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy. We appreciate your willingness to work with us and consider our position when making your decisions on important conservation issues before the House.
