Dear Representative Funderburk:

Marian Brailsford
Edisto Island

We are pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your re-election to the South Carolina House of Representatives from District 52 because of your proven commitment to conservation and protecting our way of life in South Carolina.

Sue Doran
Columbia

Your support for conservation issues has led to a 93% lifetime score on our scorecard, including a 109% score in 2018. You have been a strong supporter of the right of citizens to a clean and healthy environment, fighting rollbacks to environmental protections, and supporting local communities' rights to manage plastic bag pollution. You have supported proactive policies that move our state forward – including the Conservation Bank, energy reform, and solar energy options.

Susan Hilfer
Beaufort

We want to see you return to Columbia to continue your leadership and work on these important issues.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. When the General Assembly convenes for the January 2021 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy. We appreciate your willingness to work with us and consider our position when making your decisions on important conservation issues before the House.
