The Honorable JA Moore
P.O. Box 62103
North Charleston, SC 29419

Dear Representative Moore:

I am pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your re-election to the South Carolina House of Representatives from District 15 because of your proven commitment to conservation.

You have been a loud and consistent voice for protecting the air, land, and water of South Carolina in your freshman year and we appreciate your strong record and leadership on these issues. Your support of clean energy solutions, reauthorizing the Conservation Bank, opposition to offshore drilling, and support of the right of citizens to a clean and healthy environment by fighting rollbacks to environmental regulations has been critical in the SC House. We appreciate you joining us for our Public Service Commission town hall last year and holding our energy regulators accountable. Finally, your leadership on water quality and environmental justice has been nothing short of outstanding – we cannot thank you for raising the profile of the challenges around PFAS pollution and the need to ensure that ALL South Carolinians live in safe and pollution free communities.

You have been a consistent voice for protecting the air, land, and water of South Carolina, and that is why we want to see you return to Columbia and continue your leadership on these important issues.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. When the General Assembly convenes for the January 2021 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy. We appreciate your willingness to work with us and consider our position when making your decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,
