The Honorable Mandy Powers Norrell

P.O. Box 994

Lancaster SC 29721

Dear Representative Powers Norrell:

I am pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your re-election to the South Carolina House of Representatives from District 44 because of your outstanding commitment to conservation and protecting our way of life in South Carolina.

Your support for conservation issues has led to a 92% lifetime score on our Conservation Scorecard – including 112% in 2018. Your leadership on conservation issues since then has been nothing short of amazing. From fighting to stop construction of a dangerous seawall, to speaking out against the dangers of melting plastics through an unproven pyrolysis process, to advocating for and co-sponsoring numerous energy reform and clean energy policies, and to speaking out passionately on the floor of the House in opposition to out of state waste and for the rights of citizens to a clean and healthy environment, you have been a clear and consistent conservation champion. Thank you!

I am proud you count you among our conservation champions and former Green Tie Award winners. For this and more, we want to see you return to Columbia to continue your leadership and work on these important issues.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. When the General Assembly convenes for the January 2021 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy. We appreciate your willingness to work with us and consider our position when making your decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,
