The Honorable Sandy Senn  
P.O. Box 12279  
Charleston, SC 29422

Dear Senator Senn:

We are pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your re-election to the South Carolina Senate from District 41 because of your outstanding commitment to conservation and protecting our way of life in South Carolina.

Your leadership on reducing plastic pollution and protecting our coastline has been nothing short of outstanding. From calling out plastic polluters in the media, to standing with the conservation community at press releases on plastics and offshore drilling, to supporting an offshore drilling ban, to introducing and shepherding plastics legislation in the State Senate, you have been a clear and consistent ocean champion.

But you haven't stopped there. You've supported efforts to expand land protection efforts across the Palmetto State, advance clean energy and reform our energy marketplace, push back against cruise ships in Charleston, focus on local flooding issues, and more.

I am proud you count you among our conservation champions and look forward to our continued work together. We want to see you return to Columbia to continue your leadership and work on these important issues.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. When the General Assembly convenes for the January 2021 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy. We appreciate your willingness to work with us and consider our position when making your decisions on important conservation issues before the Senate.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,
