*2017 Green Tie Senate Leadership
Award Winner*

"The principles that are important to this organization are very, very important to me. I received my first ever political endorsement from CVSC and it felt good. I thank them for taking a chance on me then and for this award today. We have a responsibility to preserve our natural resources. They don't belong to us, they belong to our children and grandchildren and future generations. I'm glad this organization exists to fight for that cause."

**Representative Gary Clary
(R/Clemson)**

*2017 Green Tie House Leadership
Award Winner*

"To say I am honored and humbled to receive the Conservation Voters of South Carolina Green Tie Award today is an understatement. I appreciate the Conservation Voters of South Carolina and all of their partner conservation organizations for their efforts to provide information to the General Assembly and to create a bipartisan coalition to protect our environment while allowing our economy to continue to grow."
