Deon Tedder
3844 Leeds Ave
North Charleston, SC 29405

Dear Deon:

We are pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your election to the South Carolina House of Representatives from District 109 because of your resolve to support conservation policies, address coastal flooding and climate change, and protect our quality of life in South Carolina.

We especially appreciate your interest in advancing clean energy and stopping flooding in the Lowcountry. We value your commitment to conservation-minded growth and development that increases prosperity of our communities while also protecting the natural resources that make them unique. We look forward to working closely with you to advance bold clean energy and land protection efforts across the Palmetto State.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. We appreciate your support for "common-sense" solutions to protect the natural resources of our state and your recognition that investing in South Carolina's natural resources is critical for our state's economy.

When the General Assembly convenes for the January 2021 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Tynan", is written on a light-colored background.

John Tynan
